

ABOUT US

Tirupati cyanate is leading manufacturer and provider of sodium cyanate. Our excellent customer service and high quality of Sodium cyanate in bulk makes us unique in the market. Tirupati cyanate is exporters of sodium cyanate in volumes to supply to the demands of its customers in local market and around the world.

We undertake custom synthesis and manufacture sodium cyanate as per demand and under secrecy agreement. Please enquire and contact us for further information on sodium cyanate mentioning your specific requirements.

Sodium Cyanate Specification

CAS No	917-61-3
Synonym	Cyanic Acid, Sodium Salt, Natriumcyanat 9, Cianato de sodio, Cyanate de sodium
Molecular Weight	65.01
Empirical Formula	NaOCn

Sodium Cyanate Physical property

Purity	Minimum 90%
Melting Point	550°C
Density	1.893 g/cm ³
Solubility	10 gm at 25°C
Physical Appearance	Free Flowing White Powder
Soda Ash Content	Less Than 5%
Cyanate (-OCN) Content	Between 59.5 % to 61.3 %
Loss on Drying (At 110°C)Max	Maximum 0.05

Packaging Information

HDPE Bags inside liner having 25kgs, 50kgs, 500kgs Capacity

Production Unit

Tirupati cyanate, chhatral GIDC industrial estate, Dist. Gandhinagar, Gujarat, India

Sodium cyanate Application

Sodium Cyanate is mainly used as herbicides & in heat treatment of metal. As herbicides it is used mostly to wipeout weeds in lawns and onion crops. It also used as a fertilizer because **sodium cyanate** contains high volume of nitrogen.

Sodium cyanate is also used in the synthesis of pesticides and dyes intermediates. Because it reacts with organic compounds are formation of urea derivatives are obtained by reaction with amines. It is also used in the syntheses of pesticides, detergents and plastic additives. Please enquire for further technical information and your specific requirement in small and bulk quantities of Sodium Cyanates.

Why Us?

Some of our distinguishing attributes those gives us and extra edge over other market leaders are:

- Complete testing of the products
- Timely delivery
- Sound industry knowledge
- Safe and hygienic products
- Relations with numerous reputed manufacturers and vendors
- Capacious stocking ability to meet the bulk requirements
- Wide spread network of distributors
- Gujarat Pollution Control Board (GPCB) approved
- Registered REACH OR
- USA, Entire Europe, India, Germany, Japan, Vietnam, china
